AUSTRALIA'S WEB ARCHIVE

All paths lead to...

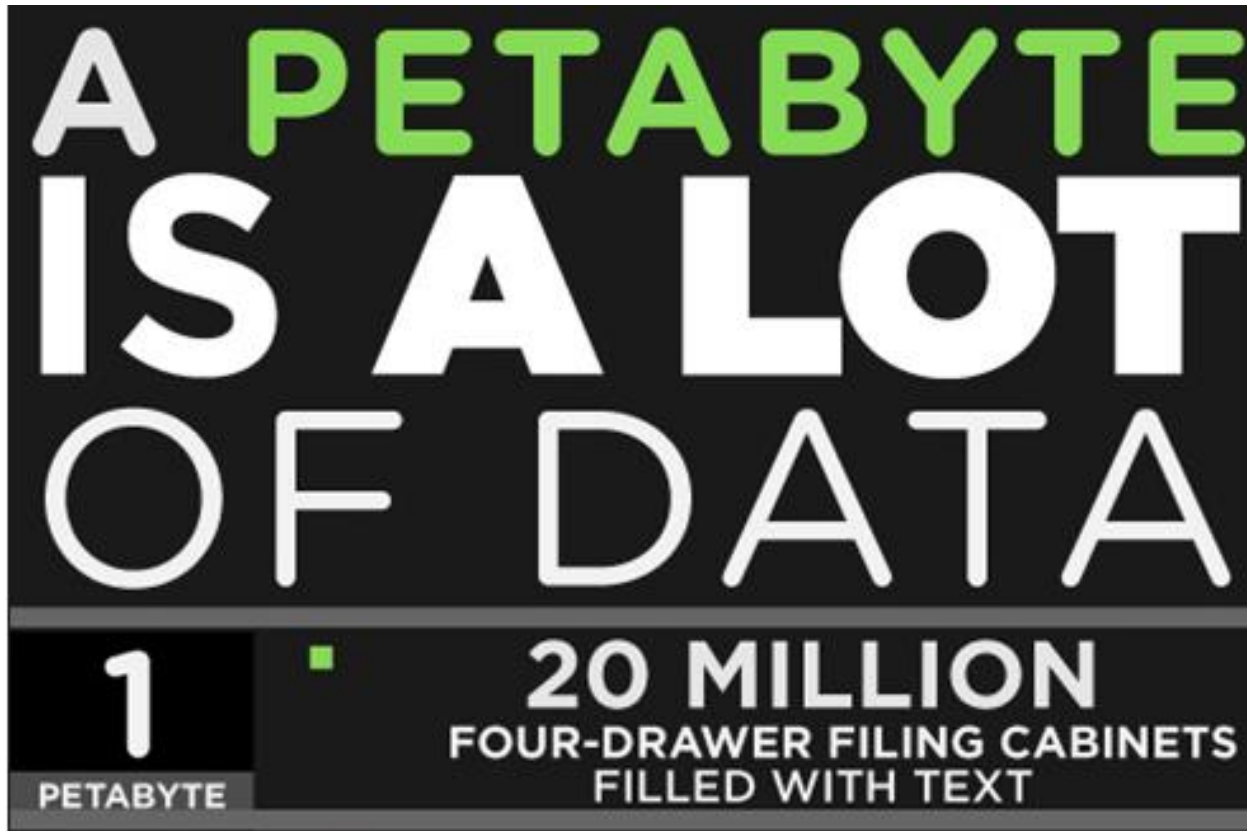

Trove

- 500 million resources
- 250,000 searches/ weekday
- 57,000 users/day
- 30 million web server requests/day

3.8 petabytes of digital content

Trove is at a tipping point

International comparators

Themes

- Value and impact
- Sustainability
- Funding and support

- Establish a cross-institutional national digital services committee to oversee future developments
- Quarantine funds to devote to new functionality
- Bundle services under a membership model

Next steps...

- Obtain legal advice on developing a new membership agreement and its relationship to existing agreements
- Develop an accurate model of IT costs
- Develop an inclusive governance model

National Research Infrastructure Roadmap
